Entry-level **Python Full Stack Developer** skilled in **Python, Django, React, SQL, and MySQL,** with experience in building and deploying web applications through academic projects and certifications. Strong problem solving and collaboration abilities with a passion for learning emerging technologies. Seeking to contribute technical expertise and grow within a dynamic organization.

EDUCATION

	Marks / CGPA	
Bachelor Of Electronics and Telecommunication Engineering		
Sinhgad Institute Of Technology And Science, Pune (Savitribai Phule Pune University, Pune)	9.03	2021-2024
Diploma In Electronics and Telecommunication Engineering		
Cusrow Wadia Institute of Technology Pune	75.13	2015-2018
Secondary School Certificate		
Lokmanya Tilak High Secondary School Thergaon, Pune	79.60	2014-2015

SKILLS

Programming Languages: Python , SQL, JavaScript
Framework & Libraries: Django, React
Web Technologies: HTML5, CSS3, REST API
Database: MySQL Tools & Version Control: Git, GitHub, VS Code, Postman
Soft Skills: Leadership, Team Collaboration, Problem-Solving, Adaptability

PROJECTS

Smart Public Transport Ticketing System Using UPI Payment
The Smart Public Transport Ticketing System Using UPI Payment simplifies travel through an IoT-driven ticketing solution powered by ESP32 and UPI integration. Passengers can easily book tickets and pay securely using QR codes, with real-time validation and verification ensuring smooth transactions. The system eliminates the need for cash handling, reduces ticketing delays, and provides a secure digital history of payments. This project highlights innovation in creating a seamless, paperless, and user-friendly transport experience.

Exam Management System
Developed a web-based application using Python and Django for conducting online exams with features like user authentication, subject-wise question management, navigation between questions, exam submission, score calculation, and result storage. Includes admin functionalities for adding, updating, and deleting questions. Implemented a secure and scalable system ensuring fair evaluation and efficient exam management.

CERTIFICATIONS

- Python Full Stack Development with Django framework Certification - The Kiran Academy .
- ChatGPT for Everyone Certificate - Learn Prompting .
- Python Django 101 – Simplilearn | Skillup.
- SQL for Data Science – Simplilearn | Skillup.
